Re: Piedmont Natural Gas Company Inc.  
Rate Schedules 207, 213, and 214

Dear Ms. Boyd:

On December 9, 2014, Piedmont Natural Gas Company ("Piedmont") was informed by the Public Service Commission of South Carolina ("Commission") via email that, due to a building name change, some of Piedmont's rate schedules no longer reflect an accurate address for the Commission. This filing is solely to update the Commission's address in the above-mentioned rate schedules and does not contain any substantive changes.

A red-lined version and clean version of each updated rate schedule has been attached to this letter. The updated rate schedules are also being submitted through E-Tariff to the Commission.

If you have any questions you may reach me at the number shown above.

Sincerely,

s/ Scott M. Tyler

## **(Clean Version)**

**RATE SCHEDULE 207**  
**BALANCING, CASH-OUT, AND AGENCY AUTHORIZATION**

**Applicability**

The provisions of this Rate Schedule 207 shall apply to all tariffed transportation services provided by the Company under Rate Schedules 213 and 214, as well as all transportation special contracts, unless expressly provided otherwise therein.

**Limitations on Intra-month Imbalances**

Receipts and deliveries of gas hereunder shall be at uniform rates of flow with no significant fluctuations or imbalances. Customer (or its Agent) is responsible to match daily gas deliveries into the Company's system with daily gas consumption by Customer as closely as possible. Any imbalances shall be corrected by the Customer (or its Agent), insofar as practicable, during the month in which they occur. Customer (or its Agent) is expected to proactively manage intra-month imbalances. Customer (or its Agent) may adjust its daily nominations during a month in order to correct any accumulated imbalance and maintain a monthly balance subject to the operating limitations of the Company. The Company reserves the right to limit the amount of such imbalances to avoid operating problems, comply with balancing requirements of the upstream pipeline(s), and to mitigate the need to acquire additional daily supply at prices that would adversely affect sales customers. The Customer (or its Agent) will be responsible for any imbalance charges assessed by upstream pipeline(s) in connection with any gas transported by the Customer under this Rate Schedule.

In the event Customer (or its Agent) fails to abide by the requirements set forth above, the Company shall have the right to curtail deliveries to Customer (Customers in a transportation pool operated by a single Agent will be curtailed on a pro rata basis based on nominated quantities) if an imbalance is negative or reducing Customer's nominated quantities if an imbalance is positive. The Customer will be responsible for any imbalance charges assessed by upstream pipeline(s) in connection with any gas transported by the Customer. The Company reserves the right to take other reasonable action to mitigate system operational problems. The Company will use its reasonable efforts to notify the Customer or the Customer's Agent before proceeding with a unilateral nomination reduction or delivery curtailment and will notify Customer of any reduction to Customer's nomination that has been instituted by the Company. The Company reserves the right to initiate Standby Sales Service if elected by the Customer pursuant to Rate Schedule 213 when, in the judgment of the Company, such action is necessary to reduce or eliminate operational problems resulting from the gas imbalances of the Customer. The Company will use reasonable efforts to notify the Customer or the Customers' Agent before initiating Standby Sales Service hereunder.

By 11:30 am Eastern Time on the fifth business day prior to the beginning of each month, the Customer must inform the Company of the nominating Agent for gas to be transported. If no notification to the contrary is provided, the Agent providing service during the prior month shall be deemed to be the nominating Agent by default. By 11:30 am Eastern Time on the fourth business day prior to the beginning of each month, the Customer shall submit a timely and valid nomination for transportation. Changes to nominations for gas transportation within the month are due by 11:30 am Eastern Time on the day prior to gas flow. Company will have no obligation to accommodate intraday nomination changes.

**RATE SCHEDULE 207**  
**BALANCING, CASH-OUT, AND AGENCY AUTHORIZATION**

**Balancing On Upstream Pipeline(s)**

It shall be the Customer's responsibility to remain in balance on a daily and monthly basis with upstream pipeline(s) to avoid any assessment of penalties by such pipeline(s) against the Company. If the Company is assessed a penalty by an upstream pipeline, the Company shall have the right to pass-through all such penalties to the Customer or its Agent if the Customer has had an imbalance with the Company during the period for which the penalty was assessed.

**Monthly Imbalance Resolution**

Any differences between the monthly quantities delivered to the Company's city gate facilities for the account of the Customer, and the monthly quantities consumed by the Customer as metered by the Company, shall be the monthly imbalance. The Percentage of Imbalance is defined as the monthly imbalance divided by the monthly quantities consumed by the customer. Unless the Company and Customer agree to correct imbalances "in kind," the imbalance shall be resolved monthly by "cashing out" the imbalances as they are known to exist at that time. If the Customer consumes more gas than it has delivered to the Company, the Customer will be deemed to be "short" by the amount of the deficiency, and the Company will sell the amount of the deficiency to the Customer by charging the price as specified below. If the Customer consumes less gas than has been delivered to the Company, the Customer will be deemed to be "long" by the amount of the surplus, and the Company will buy the amount of the surplus from the Customer by paying the price as specified below.

If the Customer's imbalance is less than or equal to 2% of the total monthly volume consumed, or if the total aggregated imbalance for the Agent is less than or equal to 2% of the total volume consumed by all of the Agent's Customers in that transportation pool, then the price paid by the Company if the imbalance is long or the price paid by the Customer (or Agent) if the imbalance is short will be the sum of (a) the average of all published indices for the month as published in Natural Gas Week as stated in the "Gas Price Report" table under "Louisiana, Gulf Coast, Onshore, Spot Delivered to Pipeline" plus (b) the rate under Transcontinental Gas Pipe Line's Rate Schedule IT, including applicable fuel and surcharges, for service from Zone 3 to Zone 5.

If the Customer's Percentage of Imbalance is more than 2%, or if the total aggregated Percentage of Imbalance for the Agent is more than 2% for all of the Agent's Customers in that transportation pool, then the price paid by the Company if the imbalance is long is the lower of the monthly index price listed in Platts Inside FERC's Gas Market Report for Transcontinental Gas Pipe Line Zone 3 deliveries plus applicable fuel and FT variable charges under Transcontinental Gas Pipe Line's Rate Schedule FT for service from Zone 3 to Zone 5 or the lowest weekly index price listed in Natural Gas Week's Gas Price Report "Delivered to Pipeline" for volumes listed under Louisiana -- Gulf Coast, Onshore plus applicable fuel and FT variable charges under Transcontinental Gas Pipe Line's Rate Schedule FT for service from Zone 3 to Zone 5. If Customer (or Agent) imbalance is short, then the price paid by the Customer (or Agent) will be the higher of the monthly index price listed in Platts Inside FERC's Gas Market Report for Transcontinental Gas Pipe Line Zone 3 deliveries plus applicable fuel and IT variable charges under Transcontinental Gas Pipe Line's Rate Schedule IT for service from Zone 3 to Zone 5 or the highest weekly index price listed in Natural Gas Week's Gas Price Report "Delivered to Pipeline" for volumes listed under Louisiana -- Gulf Coast, Onshore plus applicable fuel and IT

**RATE SCHEDULE 207**

variable charges under Transcontinental Gas Pipe Line's Rate Schedule IT for service from Zone 3 to Zone 5.

If the Percentage of Imbalance for the Customer (or Agent) is "short" by more than 2%, the price paid by the Customer (or Agent) to the Company for each dekatherm of the total deficiency will be equal to the price listed above for short imbalances times the premium percentage corresponding to the percentage of the deficiency listed in the table below.

If the Percentage of Imbalance for the Customer (or Agent) is "long" by more than 2%, the price paid by the Company to the Customer (or Agent) for each dekatherm of the total surplus will be equal to the price listed above for long imbalances times the discount percentage corresponding to the percentage of the surplus listed in the table below.

Percentage of the Imbalance	Short (Premium)	Long (Discount)
Over 2% & equal to or less than 5%	110%	90%
Over 5% & equal to or less than 10%	120%	80%
Over 10% & equal to or less than 15%	130%	70%
Over 15% & equal to or less than 20%	140%	60%
Over 20%	150%	50%

**Agency Authorization Form**

Certain Rate Schedules permit a Customer to appoint a Customer's Agent to act on its behalf with respect to nominations, imbalance resolution, and/or billing. Customer shall authorize a Customer's Agent by executing an Agency Authorization Form in the form attached to this Rate Schedule. In order to be considered a Customer's Agent, a third party must execute and be in compliance with all of the terms of the Customer Agent Agreement form set forth in Appendix B to the Company's Service Regulations. To the extent that the Agent appointed by the Customer is common to other Customers of the Company, the Company will permit such Agent to aggregate all such qualifying Customers' transportation quantities for purposes of administering service to such Agent. Once a Customer has designated an Agent, the Agent is then authorized to act on behalf of that Customer and as such, the Agent will be considered as the Customer in all corresponding references contained within this Rate Schedule. The Customer may not change Agents within the calendar month without the permission of the Company, unless the Agent's right to conduct business has been suspended by the Company, in which case, the Customer may act without an Agent or may provide written notice to the Company of the new Customer's Agent designated by the Customer. The Company will provide reasonable notice to Customer in the event of any suspension of Customer's Agent and will provide copies to Customer, on an expeditious basis and by electronic or other means, of any formal notices issued to the Customer's Agent. All Agents must utilize the electronic means made available by the Company in order to submit nominations. The Company may recover from the Agent all costs incurred in providing the Agent access to the electronic bulletin board.

**RATE SCHEDULE 207**  
**BALANCING, CASH-OUT, AND AGENCY AUTHORIZATION**

**Applicable Documents Defining Obligations of the Company and Its Customers**

Service under this Rate Schedule is subject to the Rules and Regulations of the Public Service Commission of South Carolina (the "Commission Rules") and to the Company's Service Regulations. Among other things, the Commission Rules and the Company's Service Regulations permit the interruption or curtailment of service under certain conditions, including events of force majeure and operating conditions. A copy of the Commission's Rules may be obtained from the Commission's Chief Clerk at the Public Service Commission of South Carolina, 101 Executive Center Drive, Suite 100, Columbia, SC 29210 upon payment of the applicable fee. The Company's Service Regulations may be obtained at each of the district offices of the Company. Unofficial copies of the Company's Service Regulations are available at the Company's Web page at [www.piedmontng.com](http://www.piedmontng.com).

**RATE SCHEDULE 213**  
**LARGE GENERAL TRANSPORTATION SERVICE**

**Availability**

For new Customers, gas service under this Rate Schedule is available in the area served by the Company in the State of South Carolina to any full requirements non-residential Customer whose average daily gas usage is reasonably anticipated to equal or exceed 50 dekatherms per day.

Reclassification of Customers between rate schedules will be based upon procedures set forth in the Company's Service Regulations as approved by the Public Service Commission of South Carolina (the "Commission").

Once a qualified Customer elects service under this Rate Schedule, all services will be provided under the terms and conditions of this Rate Schedule for a term extending through the following May 31. Subject to the requirements set forth above, a Customer may, subject to the consent of the Company, elect to discontinue service under this Rate Schedule and receive service under Rate Schedule 203 by giving written notice to the Company prior to March 1 of any year. The Company will not withhold such consent provided a) the Company continues to offer firm sales service under Rate Schedule 203 and b) the Company is able to acquire firm gas supplies and capacity under commercially reasonable terms and conditions. Proper notice having been provided and written consent received from the Company within 30 days thereafter, the Customer shall discontinue service under this Rate Schedule effective the first June 1 following the notice.

All gas delivered pursuant to this Rate Schedule shall be metered separately from any gas delivered under any of the Company's other rate schedules.

**Applicability and Character of Service**

The Company will redeliver gas received by the Company from upstream connecting pipeline(s) for the Customer's account under this Rate Schedule in accordance with the Customer's scheduled and confirmed nominations and subject to Company's operating conditions. The Company reserves the right to suspend transportation service on any day, when in the Company's sole opinion, its operating conditions are such that suspension of service is necessary.

**Balancing, Cash-Out and Agency Authorization**

Service Under this Rate Schedule shall be subject to all of the provisions and requirements of Rate Schedule 207, "Balancing, Cash-Out, and Agency Authorization."

**Standby Sales Service**

The Customer may elect by written notice to the Company prior to March 1 of any year to purchase Standby Sales Service from the Company under this Rate Schedule for an annual period commencing the first June 1 following the notice. Customers that have purchased transportation service under this Rate Schedule without Standby Sales Service may elect such service in future annual periods only with the written consent of the Company received within 30 days of Customer's notice. Having made this election, the Customer may nominate gas supplies from third party providers or nominate gas supplies from the Company for delivery to the Customer at

the Company's city gate. The Customer may activate the Standby Sales Service during any month by giving notice to the Company during the normal nomination process described above, or by default, if the Customer (or the Customer's Agent) fails to submit a timely and valid nomination for transportation service. In addition to paying the Standby Sales Service Charge each month and the Monthly Standby Index Price set forth below for quantities actually purchased hereunder, the Customer will utilize the transportation services and incur the charges otherwise applicable under this Rate Schedule to cause such gas supplies to be transported and delivered to the Customer's meter. The gas supply commodity price which the Customer shall pay for the gas supplied under this paragraph will be the Monthly Standby Index Price defined as follows:

The index price each month as first published in that month in Inside FERC's - Gas Market Report in the table titled "Prices of Spot Gas Delivered to Pipelines" under the heading "Transcontinental Gas Pipe Line Corp. - Zone 3 (pooling points)" in the column titled "Index". Applicable firm transportation part 284 tariff commodity charges, fuel and any other surcharges as defined in Transco's FERC approved tariffs from Transco's Zone 3 to Zone 5 will be added to the above index price.

If the Customer has made the annual election to receive Standby Sales Service, and the Customer (or Agent) properly submits a timely and valid nomination for transportation service, and, for whatever reason, the Customer (or Agent) fails to deliver to the Company adequate quantities of gas for the Customer's account, then the Company shall have the right, at its sole discretion, to initiate Standby Sales Service to the Customer. The price for such service shall be the same as set forth above except when the Company is required by such imbalance shortfall to purchase incremental volumes of gas supplies. In this case the Customer receiving Standby Sales Service will pay the higher of (on a daily basis) the Monthly Standby Index Price or the Daily Standby Index Price defined as the absolute high index price as published in Gas Daily for the day of consumption as stated in the "Daily Price Survey," "Louisiana - Onshore South," for "Transco, St. 65" in the column titled "Absolute." Applicable firm transportation part 284 tariff commodity charges, fuel and any other surcharges as defined in Transco's FERC approved tariffs from Transco's Zone 3 to Zone 5 will be added to the above index price. For days of consumption when the Gas Daily is not published, the Gas Daily price shall equal the price as published on the nearest subsequent day by Gas Daily.

The Customer shall also pay all applicable taxes, fees and assessments levied by governmental authorities having jurisdiction.

During the month that the Customer receives Standby Sales Service under this provision, the Company shall perform the necessary balancing activities related to such sales and therefore the monthly imbalance resolution provisions will not be applicable.

Gas cost variances related to the Standby Sales Service will be recorded in compliance with the Company's South Carolina Service Regulations Appendix A, Gas Cost Recovery Mechanism (the

Any increments or decrements applicable to Rate Schedule 213 shall be applicable to all quantities delivered under Rate Schedule 213, whether purchased from third parties or the Company as Standby Sales Service.

**Rates and Charges**

The rates to be charged for gas service pursuant to this Rate Schedule are set forth on the Company’s “Rates and Charges” tariff sheet and may be viewed at the Company’s Web Site at [www.piedmontng.com](http://www.piedmontng.com). A copy of the "Rates and Charges" tariff sheet is also on file with the Commission and at each of the district offices of the Company. Rates are subject to adjustment from time to time with the approval of the Commission. The rates on file with the Commission shall prevail in the event of conflict with those rates viewed on the Company’s Web Site.

**Billing Demand**

A Customer's billing demand determinant shall be the highest daily usage during the period from November 1 to March 31 of the previous winter period as metered and reported to the Company by the telemetering equipment installed by the Company. Changes to the Customer’s billing demand determinant will become effective June 1 of each year.

For Customers commencing initial gas service under this Rate Schedule, the billing demand shall be the highest actual daily consumption to date during the partial year, but shall be a minimum of 500 therms. If a Customer has received gas service from the Company prior to receiving service under this Rate Schedule but does not have daily telemetered records to determine peak day usage as described above, the Company shall use 6% of that Customer’s highest previous winter month’s consumption for the billing demand determinate.

**Volumetric Charges**

The rate per therm shall be billed on the quantity of gas delivered by Company to Customer. Any adjustment to the quantity of gas delivered due to meter failure or inaccuracy of measurement shall be determined as approved in the Rules and Regulations of the Public Service Commission of South Carolina.

**Payment of Bills**

Bills are net and due upon receipt. Bills become past due 15 days after bill date.

**Late Payment Charge**

A late payment charge of one and a half percent (1½%) per month will be applied to all balances not paid prior to the next month's billing date.

**RATE SCHEDULE 213**  
**LARGE GENERAL TRANSPORTATION SERVICE**

**Service Interruption and Curtailment**

Gas service under this Rate Schedule is subject to the provisions contained within Rate Schedule 206, "Schedule for Limiting and Curtailing Service".

**Applicable Documents Defining Obligations of the Company and Its Customers**

Service under this Rate Schedule is subject to the Rules and Regulations of the Public Service Commission of South Carolina (the "Commission Rules") and to the Company's Service Regulations. Among other things, the Commission Rules and the Company's Service Regulations permit the interruption or curtailment of service under certain conditions, including events of force majeure and operating conditions. A copy of the Commission's Rules may be obtained from the Commission's Chief Clerk at the Public Service Commission of South Carolina, 101 Executive Center Drive, Suite 100, Columbia, SC 29210 upon payment of the applicable fee. The Company's Service Regulations may be obtained at each of the district offices of the Company. Unofficial copies of the Company's Service Regulations are available at the Company's Web page at [www.piedmontng.com](http://www.piedmontng.com).

**RATE SCHEDULE 213**  
**LARGE GENERAL TRANSPORTATION SERVICE**

**Availability**

For new Customers, gas service under this Rate Schedule is available in the area served by the Company in the State of South Carolina to any full requirements non-residential Customer whose average daily gas usage is reasonably anticipated to equal or exceed 50 dekatherms per day.

Reclassification of Customers between rate schedules will be based upon procedures set forth in the Company's Service Regulations as approved by the Public Service Commission of South Carolina (the "Commission").

Once a qualified Customer elects service under this Rate Schedule, all services will be provided under the terms and conditions of this Rate Schedule for a term extending through the following May 31. Subject to the requirements set forth above, a Customer may, subject to the consent of the Company, elect to discontinue service under this Rate Schedule and receive service under Rate Schedule 203 by giving written notice to the Company prior to March 1 of any year. The Company will not withhold such consent provided a) the Company continues to offer firm sales service under Rate Schedule 203 and b) the Company is able to acquire firm gas supplies and capacity under commercially reasonable terms and conditions. Proper notice having been provided and written consent received from the Company within 30 days thereafter, the Customer shall discontinue service under this Rate Schedule effective the first June 1 following the notice.

All gas delivered pursuant to this Rate Schedule shall be metered separately from any gas delivered under any of the Company's other rate schedules.

**Applicability and Character of Service**

The Company will redeliver gas received by the Company from upstream connecting pipeline(s) for the Customer's account under this Rate Schedule in accordance with the Customer's scheduled and confirmed nominations and subject to Company's operating conditions. The Company reserves the right to suspend transportation service on any day, when in the Company's sole opinion, its operating conditions are such that suspension of service is necessary.

**Balancing, Cash-Out and Agency Authorization**

Service Under this Rate Schedule shall be subject to all of the provisions and requirements of Rate Schedule 207, "Balancing, Cash-Out, and Agency Authorization."

**Standby Sales Service**

The Customer may elect by written notice to the Company prior to March 1 of any year to purchase Standby Sales Service from the Company under this Rate Schedule for an annual period commencing the first June 1 following the notice. Customers that have purchased transportation service under this Rate Schedule without Standby Sales Service may elect such service in future annual periods only with the written consent of the Company received within 30 days of Customer's notice. Having made this election, the Customer may nominate gas supplies from third party providers or nominate gas supplies from the Company for delivery to the Customer at

the Company's city gate. The Customer may activate the Standby Sales Service during any month by giving notice to the Company during the normal nomination process described above, or by default, if the Customer (or the Customer's Agent) fails to submit a timely and valid nomination for transportation service. In addition to paying the Standby Sales Service Charge each month and the Monthly Standby Index Price set forth below for quantities actually purchased hereunder, the Customer will utilize the transportation services and incur the charges otherwise applicable under this Rate Schedule to cause such gas supplies to be transported and delivered to the Customer's meter. The gas supply commodity price which the Customer shall pay for the gas supplied under this paragraph will be the Monthly Standby Index Price defined as follows:

The index price each month as first published in that month in Inside FERC's - Gas Market Report in the table titled "Prices of Spot Gas Delivered to Pipelines" under the heading "Transcontinental Gas Pipe Line Corp. - Zone 3 (pooling points)" in the column titled "Index". Applicable firm transportation part 284 tariff commodity charges, fuel and any other surcharges as defined in Transco's FERC approved tariffs from Transco's Zone 3 to Zone 5 will be added to the above index price.

If the Customer has made the annual election to receive Standby Sales Service, and the Customer (or Agent) properly submits a timely and valid nomination for transportation service, and, for whatever reason, the Customer (or Agent) fails to deliver to the Company adequate quantities of gas for the Customer's account, then the Company shall have the right, at its sole discretion, to initiate Standby Sales Service to the Customer. The price for such service shall be the same as set forth above except when the Company is required by such imbalance shortfall to purchase incremental volumes of gas supplies. In this case the Customer receiving Standby Sales Service will pay the higher of (on a daily basis) the Monthly Standby Index Price or the Daily Standby Index Price defined as the absolute high index price as published in Gas Daily for the day of consumption as stated in the "Daily Price Survey," "Louisiana - Onshore South," for "Transco, St. 65" in the column titled "Absolute." Applicable firm transportation part 284 tariff commodity charges, fuel and any other surcharges as defined in Transco's FERC approved tariffs from Transco's Zone 3 to Zone 5 will be added to the above index price. For days of consumption when the Gas Daily is not published, the Gas Daily price shall equal the price as published on the nearest subsequent day by Gas Daily.

The Customer shall also pay all applicable taxes, fees and assessments levied by governmental authorities having jurisdiction.

During the month that the Customer receives Standby Sales Service under this provision, the Company shall perform the necessary balancing activities related to such sales and therefore the monthly imbalance resolution provisions will not be applicable.

Gas cost variances related to the Standby Sales Service will be recorded in compliance with the Company's South Carolina Service Regulations Appendix A, Gas Cost Recovery Mechanism (the
